

Teundra Varnes

Front End Developer

SUMMARY

Creative, detail-oriented, software engineer with a deep interest in AI. Proven track record of creating and implementing successful front and back end web applications. Looking to bring my skills to a tech company with global reach.

EXPERIENCE

Software Engineer at 100devs, Los Angeles, CA

June 2022 — Present

- Collaborated with a team of developers to build modern and responsive web applications using best practices
- Built semantically structured full stack web applications
- Applied agile methodologies like SCRUM for project management

Recent Projects:

Instant Friends (Fullstack Web App) – Users can sign up for new accounts, or log in to an existing account. Users can see how many friends they currently have, add friends through an input, and remove friends.

Other Projects: Website redesign for local business, travel website build, On-demand background color changer for Partnered Twitch streamer, and many more
